Koh Lipe Perfect Heaven

The spirit of the journey

The ultimate tropical island: lovely Koh Lipe, surrounded by aquamarine waters, shallow reefs full of colorful fishes and corals, and hosting a small selection of luxurious accommodation at a stone's throw away from the beach. Pure bliss and few suggestions of activities to balance relax and discovery for an unforgettable and exclusive holiday.

Destination Koh Lipe

A warm, windy island surrounded by crystalline waters, southern Thailand's Koh Lipe is blessed with breathtaking environment, lovely and laid back atmosphere, and fantastic marine life – a combination that never fails to enchant the steadily increasing number of tourists that chose it as favourite destination each year. While Lipe's main beach – Pattaya Beach – is already creaking under the development, there are still relatively tranquil surroundings here, even during peak season, with

several coves and walks through the jungle from one beach to another – be sure to bring along a torch for evening walks though! Even better, there are plenty of boating opportunities around the island and the Adang Archipelago, or further away in Koh Tarutao National Marine Park, where snorkelling/diving opportunities should not be missed. We can't say Koh Lipe is an unspoilt island – it is becoming one of the best favourite destination in the country after all – but we can say that it is the closest thing to a paradisiacal tropical hideaway we have seen so far that also offers comforts for discerning travellers. Transportation to Koh Lipe is available – and suggested – from Langkawi (one hour by speedboat), but also from Hat Yao (3 hours by minivan and ferry), or even Phuket (6 hours by speedboat). Pack your bags and get the ferry that from Koh Phi Phi will take you to this gem of the Andaman Sea!

The Place | Idyllic Concept Resort

Nestled on Koh Lipe's pristine Sunrise Beach overlooking the turquoise waters of the Andaman Sea, Idyllic Concept Resort is set amidst a lush tropical backdrop and enjoys spectacular views over the sea and outer islands. Its 16 bungalows reflect a sophisticated, contemporary design, and provides the most modern amenities – as well as breath-taking sunrises and the comforting sounds of gently lapping waves. Check-in 7 nights in a I-Sea Villa designed in light colours with minimalist decor. Your villa offers its own sundeck and partial glass facade with views out to the beach and the sea. In villa facilities include: a flat screen computer, Wi-Fi, air-con, flat screen LCD 32" TV with Satellite, separate indoor and outdoor rain shower with hot and cold water, mini-bar, flash light.

The Activities | Suggestions not included in the offer

Sailing Cruise

Sail around Koh Lipe and surrounding Islands for a day out that will leave you with unforgettable memories. Take in the beautiful sceneries, snorkel among colourful shallow reefs, have a delicious lunch and relax on the beaches of the national park; explore the jungle with Chao Lay – the local sea gypsies – guides.

Snorkel Excursion

Koh Lipe has some great snorkeling straight off the beach, but the best things can be seen on a snorkel trip to the surrounding islands. In Koh Lipe, just off Sunrise Beach you'll find Koh Kra and Koh Usen, with great snorkeling respectively to the right and left of the islands. Good swimmers can swim from Koh Kra to Koh Usen but fins are recommended

here as the currents can be strong. Snorkeling off Sunset and Pattaya Beach are less spectacular but still ok – just keep an eye on the tide (when it's out you can get very close to the corals and it is easy to hurt yourself) in Sunset and the boats in Pattaya. The islands surrounding Koh Lipe are part of a Marine Park and offer even better snorkeling. Our favourite snorkel excursions around here include: a visit to Koh Hin Sorn and its strange rock formations housing a wide variety of soft corals and marine life; Koh Lугоi with its interesting corals and beautiful fishes; Koh Tong, perfect to stop by for a picnic while watching the monkeys; Koh Pung also offering breathtaking snorkeling spots. Grab mask and fins (easy to find for rent or buy anywhere around the island) and discover this beautiful underwater world!

Tarutao Marine Park

The Tarutao National Marine Park consists of a group of 51 islands – among which Koh Lipe – in the Southern part of the Andaman Sea, near the Thai-Malay border. Besides Koh Lipe, the islands here are mostly unmanned, covered in rain forest, fringed by unspoilt beaches and dotted by caves: a tropical paradise that offers lots of excursion opportunities. Dolphins, mantas and other rays, sharks, sperm whales, and plenty of reef fish like clown fish, angelfish, lion fish can be spotted here. And although over fishing has taken its toll on the fish population and some of the coral

has been damaged, there is still an abundance of marine life in this area. Other wildlife, present mainly on the larger islands, include: crab eating macaques, wild pigs, monitor lizards, mouse deer, hornbills, sea eagles, snakes...a beautiful show for nature and sea lover alike.
