The spirit of the journey

A week in lovely Koh Samui in an exceptional place, at an exceptional price! We are delighted to offer the amazing Kala Samui – with its breathtaking views and exclusive location – at early bird rates matched with a selection of activities to spoil you to the best you'd expect out of a romantic week at the tropics.

About Koh Samui

In 1971 two backpackers stumbled upon Koh Samui, a paradise-like island – home mainly to coconut farmers and fishermen – fringed by white-sand beaches with palms blowing in the wind and clear green seas sparkling in the sunlight. Much has changed since then: Koh Samui has become one of the fastest growing tourist destinations in Thailand, and the spa capital of the region. But something has remained as it was: the blessed atmosphere of tropical living typical of the “coconut island”. Nowadays Koh

Samui offers tourist countless choices both in terms of entertainment and relax: you can spend the night sipping on tropical cocktails in a stylish bar and be on a Robinson Crusoe-like beach the day after; you get on a boat and do extraordinary snorkelling in neighbouring Koh Tao or get to some serious beach party in Koh Phangan; or you can treat yourself to 5 star relax in one of the fantastic health retreats of the island. At your arrival at Koh Samui our chauffeur will take you to your hotel for a truly romantic week with your loved one: the Kala, a fantastic property with breathtaking seaviews and an exclusive, secluded (but not isolated) location.

The Kala Samui Resort

Located on a cliff overlooking Lamai Bay, The Kala is the kind of place that goes beyond the standard luxury hotel and dream holiday. Secluded, but at the same time at a very short ride away from the hustle and bustle

of Chaweng; surrounded by nature and right on the sea, the Kala is the perfect destination for a romantic holiday on the coconut's island. The property's private beach club is absolutely lovely and peaceful, located at only 300 meters from the hotel and reachable through a wooden path way (about 5 minutes shadowed walk), via kayak or via free shuttle service. Other facilities at disposal in the hotel include: unlimited timing of breakfast, free wireless internet in public areas (in room wireless connection is not available), free shuttle bus to Lamai Beach, free sport activities (snokelling, kayaking, fishing, private fishing), infinity swimming pools, sundeck with a wooden walkway to the sea and direct access to a private rocky beach,, the Agarin Spa for heavenly massages and treatments, restaurant and bar serving delicious drinks and contemporary fusion cuisine, bringing together the best of international flavours with the tastes of the region.

The Accommodation | Deluxe Room or Ocean Front Duplex Pool Villa

Choose if staying in a Deluxe Room or in a Duplex Pool Villa. The **Deluxe Rooms** overlook the stunning gulf of Siam and are equipped with all comforts and decorated elegantly with antique furnishings, king/twin size bed, satellite TV, DVD/CD/MP3 player (upon request),

amenities from natural coconut, safety deposit box, mini bar, separate bathtub and shower, coffee and tea making facilities. The **Duplex Pool Villa** also enjoys breathtaking views over the ocean but is split on two storeys and nestled among lush vegetation in a private and exclusive setting. This villa offers, besides all the amenities found in the Deluxe Room: a private infinity pool overlooking the sea with a private day bed that allows guest to enjoy spa treatments in their own private villa; a lovely bedroom decorated with antique furniture and a king sized bed; a spacious bathroom with terrazzo bathtub.

Sailing to Koh Phangan

Board Viva II, a spacious sloop with lifting keel and water ballast system, perfect to sail in shallow waters and for beach landings. Viva 2 and her experienced skipper have been cruising the islands around Samui for more than 10 years – that's why we selected them to lead you in this fantastic cruise experience to Koh Phangan. Your journey will include visits to exotic waterfalls, viewpoints, remote bays while giving you a great sailing experience. Easy handling and perfect equipment make this little sailing yacht an excellent option should you want to learn a bit of sailing while cruising around the island too! Due to its mountainous structure, Koh Phangan is still quite undeveloped inland with the natural park of Haad Sadet at its heart with waterfalls and rich wildlife. The cruise is inclusive of: pick up from your hotel and return, lunch, water/soft drinks, dinghy or kayak, snorkel equipment, safety equipment, skipper, insurance. Not inclusive: National Park Fees if any, Breakfast & Dinner, Alcoholic drinks.

Romantic Dinner in your Villa or on the Rocks

To end your vacation on a sweet note, we would like to tempt you to a private candlelight dinner for two. Your dinner, set romantically under a canopy on the wooden deck that leads to the Kala rocky beach, right on the ocean or in the privacy of your own villa, will consist of 4 delicious courses plus wine served by your private butler.
