Get on board for a couple of days out at sea to explore Koh Phangan's many charming bays and Koh Tao, to snorkel among corals and tropical fishes: a great selection of activities for a great holiday.

Destination Koh Samui

In 1971 two backpackers stumbled upon Koh Samui, a paradise-like island – home to mainly coconut farmers and fishermen – fringed by white-sand beaches with palms blowing in the wind and clear

green seas sparkling in the sunlight. Much has changed since then: Koh Samui has become one of the fastest growing tourist destinations in Thailand, and the spa capital of the region. But something has remained as it was: the blessed atmosphere of tropical living typical of the “coconut island”. Nowadays Koh Samui offers tourist countless choices both in terms of entertainment and relax: you can spend the night sipping on tropical cocktails in a stylish bar and be on a Robinson Crusoe-like beach the day after; you get on a boat and do some extraordinary snorkelling in neighbouring Koh Tao or get to some serious beach party in Koh Phangan; or you can treat yourself to some 5 star relax in one of the fantastic health retreats of the island. At your arrival at Koh Samui a chauffeur will take you to one of our favourite property: the Melati Beach Resort and Spa

The Place | Melati Beach Resort & Spa

Koh Tao Snorkeling Excursion on VIP Speedboat

Board a fun speedboat ride to visit Koh Tao – known also as turtle island for its shape – and Ko Nangyuan, its little sister island that consists of three smaller islands connected together by a beautiful sandbank. Together, these islands form three bays with crystal-clear water and no strong current, white sandy beaches, a variety of colourful fishes and fascinating coral reefs that

offer optimal conditions for snorkelling and diving. The speedboat is the ideal transportation to cover long distances and to enjoy as much time as possible on different sites of interest. Visit the Mango Bay, one of the most spectacular beaches of Koh Tao island, rich of colourful fishes and soft and hard corals.

The snorkelling equipment will be provided for you, as well as a life jacket so you can float around looking at the beautiful fishes and corals care-free. Have a delicious buffet lunch before heading to explore Koh Nangyuan beaches and amazing marine life. There are many famous snorkelling locations here, all within a 5 minutes walk, nice hike opportunities to the viewpoint where you can enjoy the spectacular views over the beautiful blue bays and nearby Koh Tao (a real "Kodak-moment"), and of course perfect sandy beaches to relax on. The snorkelling sites are clearly marked and closed off for all boats, so you can completely engulf yourself in the experience without a worry in the world!

Koh Phangan Junk Boat Sailing Cruise

Koh Phangan is the largest of Samui's neighbouring islands – a paradise of white sand beaches and secluded bays. Discover Koh Phangan's lush natural scenery by a sailing cruise aboard a traditional Burmese junk boat, equipped with modern navigation and communication devices, as well as medical first aid equipment. Snorkel in the warm water of Koh Ma or try your luck fishing - the boat is fully equipped for that too! Anchor at Thong Nai Pan bay and explore the scenic double bays of Thong Nai Pan Noi and Thong Nai Pan Yai, heavenly sandy bays surrounded by mountains covered in rich tropical rainforest. Visit the waterfalls at Than Sadet before heading back to Koh Samui at a leisure pace, sipping tea on the deck and admiring the great views of Koh Phangan's Haad Rinn beach, famous for its full moon party. This'll be an unforgettable cruise, don't miss it!
